EDUCATION

BLACK

Yenepoya Institute of Technology, Mangalore

Sep 2022 – May 2026

B.E. in Artificial Intelligence and Machine Learning

CGPA: 7.2 / 10.0

TECHNICAL SKILLS

BLACK

Languages: Python, Java, C, JavaScript, TypeScript, SQL, HTML/CSS

Frameworks / Tools: React.js, Tailwind CSS, Vite, shadcn-ui, FastAPI, LangChain, Git, WebRTC, Power BI, Browser Extension APIs

AI/ML APIs: Google Gemini, OpenAI, Anthropic

Databases: MongoDB, PostgreSQL

Platforms: Linux, GitHub, Microsoft Azure, Google Cloud Platform

EXPERIENCE

BLACK

Internship – Python, Deep Learning, Neural Networks & AI Training

Jan 2026 – Present

Contriver, Bengaluru

- Receiving hands-on training in Python, Deep Learning, Neural Networks, and applied AI concepts.
- Working on practical AI exercises and real-world problem-solving tasks.
- Learning model development workflows, data handling, and deployment fundamentals.
- Collaborating with mentors and peers during training sessions and project activities.

PROJECTS

BLACK

Driver Drowsiness Detection using AI

- Developed an AI-based system to detect driver drowsiness using real-time eye movement analysis.
- Implemented computer vision techniques and deep learning models for fatigue detection.

Parkinson Disease Detection using Multimodal Data

- Built a machine learning model to detect Parkinson's disease using voice and eye movement data.
- Applied deep learning techniques for multimodal data processing and classification.

CERTIFICATIONS

BLACK

- Microsoft Certified: Azure AI Fundamentals
- Google Cloud: Generative AI Concepts
- Microsoft Learn: Introduction to AI and ML
- Microsoft Learn: Generative AI Concepts (Jun 2025)
- Microsoft Learn: Machine Learning Concepts (Jun 2025)
- Microsoft Learn: Azure AI Services (Jun 2025)
- Analytics Vidhya: Guide to Vibe Coding in Windsurf (Aug 2025)
- IIT Bombay Spoken Tutorial: Git (May 2025), HTML (Feb 2024)
- Great Learning: Linux Tutorial
- Rapid Development for AI Services – Yenepoya Institute of Technology (2025)

LEADERSHIP

BLACK

- Secretary – Yen-Artificia (AI/ML Association)
Organized technical workshops and events for 100+ students.
- Event Coordinator – UnScramble 2.0 Hackathon & Yen Splash Fest
Managed logistics and coordination for university technical and cultural events.
